Hirabai Haridas Vidyanagari, Amrut Dham, Panchavati, Nashik-422003

Activity: Expert Talk

Topic: Expert talk on Critical Thinking

Date: 17/09/22

Resource Person: Mrs. Aasawari A. Deshpande, Specialized in Psychiatry

Attended by: 115 Students

Outcomes:

This lecture was useful for students

1. To understand about critical thinking, problem solving skills and decision making skills etc.

Assessment:

Outcome	Outcome 1
Assessment	85.4
POs Mapped	PO12

Summery:

in collaboration with IETE

Organizes
Expert Talk On
“ Critical Thinking ”
by
Mrs. Aasawari A. Deshpande
(Specialized in Psychiatry)

on 17th September 2022 Time : 1:00 pm to 3:00 pm
Venue : AV Hall, Third Floor, E & TC Department

Dr. S. A. Patil (Ugale)
U.G. Co-ordinator

Dr. D. M. Chandwadkar
Dean, Student Affairs, HOD, E & TC Engg.

Dr. K. N. Nandurkar
Principal

The Expert Lecture on Critical Thinking was held on 17th September 2022 in the department of E&TC Engineering at Karmaveer Kakasaheb Wagh Institute of Engineering Education and Research (K.K.W.I.E.E.R.), Nashik.

The session was conducted by Mrs. Aasawari A. Deshpande. She expert in psychiatry.

In this expert lecture Aasawari Ma'am talked about importance of critical thinking in education and career. Later she explained students what is critical thinking? Critical thinking is the mode of thinking about any subject, problem, or content. It implements and inherent those intellectual thoughts upon them. The best part of critical thinking is, it improves the quality of thinking.

A student who is encouraged to be a critical thinker invariably develops a sense of curiosity of happenings around him/her. A strong and genuine sense of curiosity leads to students wanting to analyse and assimilate information and events. In the process, they form their own informed ideas, mostly out-of-the-box ones, that in turn improves their creativity. Creativity is a skill that all critical thinkers will dally with in their professional and personal life. In the process of finding answers in a logical and rational manner, they will usually be able to get their creative juices flowing.

Critical thinking is not confined to the classroom. In the aftermath of COVID-19, the new economy places a lot of demand on a flexible workforce and employee's ability to analyze information from various sources and come up with ingenious solutions towards the same. An employee with strong critical thinking skills will be valued in a fast-changing workplace. The session was conducted for two hours. Students got the knowledge of As far as 21st century learning is concerned, critical thinking is an important factor.

Feedback from students:

This Expert talk /lecture experience will be useful in my work.

 Copy

Participation and interaction were encouraged during the activity.

What did you like most about this lecture/workshop?

The way mam explained the things

It was something which I never think about.

I like the points covered by mam about advantages of critical thinking in professional and personal life

Their experience and the encouragement towards future

Thinking methods

Way of communication

Related to life problems

Making plans

Good interaction
